

Ann Boyle has a degree in Librarianship and has worked in libraries all her working life. She started at the State Library of WA where she worked in the various departments for over 10 years, then worked for 15 years at the Geraldton Public Library in the Local History Department. Ann retired early in 2021 after finishing her career as Library Manager at Nagle Catholic College, Geraldton.

Ann was born and raised in Geraldton, moved to Perth for tertiary study and then returned home in 1987 to raise her family here. She loves Geraldton and thinks that the City has a lot of undeveloped potential, especially in the area of cultural heritage.
