Final Payment (\$100)**

A reserve list for members who are unable to  
secure a place will be held in case of  
cancellations.

Our Lady of Mt Carmel Church and Priesthouse Museum Mullewa

## MONSIGNOR JOHN HAWES

**John Cyril Hawes (1876—1956)** was an Englishman who studied architecture in London. He was ordained to the Anglican priesthood in **1903** and in **1908** went to work in the Bahamas to rebuild churches after a hurricane had destroyed them, as well as to minister to the people. Whilst there he decided to convert to Catholicism and in **1912** travelled to Rome to study for the Catholic Priesthood. While in Rome he met the Bishop of Geraldton, Bishop Kelly, who invited him to come to Western Australia after his ordination to work as a priest and design a Cathedral for the newly created Diocese.

He arrived in WA in **1915** and worked initially in several outback parishes before being assigned to the Mullewa Parish. During his relatively short time in the Geraldton Diocese (**1915-1939**), as well as ministering as a priest, he designed 44 buildings, 29 of which were built. In many cases he was not only the architect but also the builder, craftsman and fundraiser for the buildings.

In 1937 he was given the title of Monsignor. On his return to the Bahamas he was responsible for many more significant buildings despite his dream of living out his final years as a hermit. Hawes died in a Miami hospital at the age of 79 and was buried beneath his Hermitage on Cat Island in the Bahamas.

He is not only remembered as an architect and priest but also as a talented artist and craftsman of the Arts and Crafts Style, horseman, wood turner, cabinet maker and builder. As well as leaving his mark on the Midwest and Gascoyne regions of Western Australia and in the Bahamas, he was also responsible for the design and construction of buildings in England & the US.
